3. Mark traffic lanes upon the roadway of any street or highway where a regular alignment of traffic is necessary. Where such traffic lanes have been marked, it shall be unlawful for the operator of any vehicle to fail or refuse to keep such vehicle within the boundaries of any such lane except when lawfully passing another vehicle or preparatory to making a lawful turning movement or performing other lawful traffic movements.

the operation of motor vehicles without heed to the requirements or restrictions of this section has committed careless driving, and must be assessed a fee of thirty dollars (\$30.00).

Any person who, by reason of careless driving as herein defined, causes and inflicts injury upon the person of an operator of snow removal equipment engaged in snow removal operations or causes damage in excess of one thousand dollars to snow removal equipment engaged in snow removal is guilty of an infraction.

As used in this section, "snow removal equipment" means a vehicle that is operated by a person employed by or on behalf of an authority in charge of the maintenance of the highway to perform winter maintenance snow and ice removal, including plowing, hauling away, salting, and sanding.

 - a. Twenty (20) miles an hour when approaching within fifty (50) feet of a grade crossing of any steam, electric, or street railway when the driver's view is obstructed. A driver's view is deemed to be obstructed when at any time during the last two hundred (200) feet of the driver's approach to such crossing, the driver does not have a clear and uninterrupted view of such railway crossing and of any traffic on such railway for a distance of four hundred (400) feet in each direction from such crossing;

A driver's view is deemed to be obstructed when at any time during the last fifty (50) feet of the driver's approach to such intersection, the driver does not have a clear and uninterrupted view of such intersection and of the traffic upon all of the highways entering such intersection for a distance of two hundred (200) feet from such intersection;
 - d. Twenty (20) miles an hour when the driver's view of the highway ahead is obstructed within a distance of one hundred (100) feet;
 - e. Twenty-five (25) miles an hour on any highway in a business district or in a residence district or in a public park, unless a different speed limit is designated and posted by local authorities;
 - f. Fifty-five (55) miles an hour under other circumstances, unless otherwise permitted, restricted, or required by conditions;
 - g. Sixty-five (65) miles an hour on paved two-lane highways of posted for that speed, unless otherwise permitted, restricted, or required by conditions;

3. Except as provided by law, it is unlawful for any person to drive a vehicle upon a highway at a speed that is unsafe or at a speed exceeding the speed limit prescribed by law or established pursuant to law.
4. In charging a violation of the provisions of this section, the complaint must specify the speed at which the defendant is alleged to have driven and the speed which this section prescribes is prima facie lawful at the time and place of the alleged offense.

9.0503 When Local Authorities May or Shall Alter Maximum Speed – Limits – Signs Posted

The provisions of North Dakota Century Code section 39-09-03 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. Whenever the City, on the basis of an engineering and traffic investigation, determines that the maximum speed permitted under this title is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the City may determine and declare a reasonable and safe maximum limit thereon which:
 - a. Decreases the limit at intersections;
 - b. Increases the limit within an urban district but not to more than fifty-five (55) miles per hour; or
 - c. Decreases the limit outside an urban district.

The provisions of North Dakota Century Code section 39-09-09 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. An individual may not drive a motor vehicle at a reduced speed so as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.
2. If the director of the North Dakota Department of Transportation and the superintendent of the North Dakota Highway Patrol, acting jointly, or the City, determines on the basis of an engineering and traffic investigation that slow speeds on any highway or part of a highway impede the safe, normal, and reasonable movement of traffic, the director and superintendent or the City may determine and declare a minimum speed limit below which an individual may not drive a vehicle except when necessary for safe operation or in compliance with law, and that limit is effective when posted upon appropriate fixed or variable signs.

9.0506 Regulations of Speed by Traffic Signals

- c. "Race" means the use of one or more vehicles in an attempt to outgain, outdistance, or to arrive at a given distance ahead of another vehicle or vehicles; or the use of one or more vehicles to willfully prevent another vehicle from passing the facing vehicle or vehicles, or to test the physical stamina or endurance of the persons driving the vehicles over a long distance driving route.
3. Nothing in this section shall be construed as prohibiting drag racing, exhibition driving, or similar events when carried out in an organized manner on a track or other privately owned area specifically set aside and used solely for such purposes by drivers of motor vehicles, including snowmobiles.

The provisions of North Dakota Century Code section 39-03-15 and all subsequent amendments are hereby incorporated by reference in this ordinance.

The speed of any motor vehicle may be checked by the use of radio microwaves or other electrical device. The results of such checks shall be accepted as prima facie evidence of the speed of such motor vehicle in any court or legal proceedings where the speed of the motor vehicle is at issue. The driver of any such motor vehicle may be arrested without a warrant under this section, provided the arresting officer is in uniform or displays the officer's badge of authority; provided that such officer has observed the record of the device, or has received a radio message from the officer who observed the speed of the motor vehicle recorded by the radio microwaves or other electrical device.

2. Left turns. The driver of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle. Whenever practicable, the left turn must be made to the left of the center of the intersection and so as to leave the intersection in the extreme left-hand lane lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered;
3. The City may cause official traffic-control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles, and when such

devices are so placed, no driver of a vehicle may turn other than as directed and required by such devices.

9.0602 Vehicle Turning Left

The provision of North Dakota Century Code section 39-10-23 and all subsequent amendments are hereby incorporated by reference in this ordinance.

The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

9.0603 Limitations on Turning Around

The provision of North Dakota Century Code section 39-10-36 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. The driver of any vehicle may not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety and without interfering with other traffic.
2. No vehicle may be turned so as to proceed in the opposite direction upon any curve, or upon the approach to or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within five hundred (500) feet.

9.0604 Turning Movements and Required Signals

The provision of North Dakota Century Code section 39-10-38 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. No person may turn a vehicle or move right or left upon a roadway unless and until such movement can be made with reasonable safety without giving an appropriate signal in the manner hereinafter provided;
2. A signal of intention to turn right or left when required must be given continuously during not less than the last one hundred (100) feet traveled by the vehicle before turning;
3. No person may stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal; and
4. The signals required on vehicles by subsection 2 of Section 9.0605 may not be flashed on one side only on a disabled vehicle, flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear, nor be flashed on one side only of a parked vehicle except as may be necessary for compliance with this section.

9.0605 Signals by Hand and Arm or Signal Lamps

The provisions of North Dakota Century Code section 39-10-39 and all subsequent amendments are hereby incorporated by reference in this ordinance.

2. Right turn: hand and arm extended upward
3. Stop or decrease speed: hand and arm extended downward.

ARTICLE 7 – Special Stops

9.0701 Authority to Designate Through Streets

The provision of North Dakota Century Code section 39-07-03 and all subsequent amendments are hereby incorporated by reference in this ordinance.

The director of the North Dakota Department of Transportation with reference to state highways, and the City governing body, with reference to highways under their jurisdiction, may, by proclamation, designate as through highways, any highway, street, or part thereof, and erect stop signs or yield signs at specified entrances thereto, or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to such intersection.

9.0702 Through Streets Designated

The following streets and parts of streets are hereby declared to be through streets for the purpose of this chapter:

State Highway No. 13, for its whole length within the city, is hereby established and declared to be a through highway and every person driving or in charge of a vehicle on any street or avenue of the city shall bring such vehicle to a complete stop immediately before crossing or entering upon said State Highway No. 13.

9.0703 Signs

All traffic control devices shall conform to state specifications.

2. Except when directed to proceed by a police officer, every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line, or if none, then at the point nearest the intersection roadway where the driver has a view of approaching traffic on the intersection roadway before entering it. After having stopped, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of roadways.
3. The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop at a clearly marked stop sign, or, if none, before entering the crosswalk on the near side of the intersection or, if none, then at the point nearest the intersection roadway where the driver has a view of approaching traffic on the intersection roadway before entering it. After slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. Provided, however, that if the driver is involved in a collision with a vehicle in the intersection or junction of roadways after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield the right-of-way.
4. Every stop sign and every yield sign must be erected as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is not crosswalk, then as near as practicable to the nearest line of the intersecting roadway.
5. Except when directed to proceed by a police officer or traffic control sign, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersection roadway where the driver has a view of approaching traffic on the intersecting roadway.
6. The driver of a vehicle approaching a yield sign if required for safety to stop shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at a point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway.

9.0705 Emerging from Alley or Driveway

The driver of a vehicle emerging from an alley, driveway, private road or building with a business or residential district shall stop such vehicle immediately prior to driving on to the sidewalk or on to the sidewalk area extending across such alley, building entrance, road or driveway, or in the event there is no sidewalk area, shall stop at the point nearest the street to be entered when the driver has a view of approaching traffic thereon. The driver shall yield the right-of-way to any pedestrian as may be necessary to avoid collision and upon entering the roadway shall yield the right-of-way to all vehicles approaching on said roadway. (Source: North Dakota Century Code section 39-10-45)

The provisions of North Dakota Century Code section 39-10-68 and all subsequent amendments are hereby incorporated by reference in this ordinance.

No driver may enter any intersection or a marked crosswalk or drive on to a railroad grade crossing unless there is sufficient space on the other side of the intersection, crosswalk, or railroad grade crossing to accommodate the vehicle the driver is operating without obstructing the passage of other vehicles, pedestrians, or railroad trains notwithstanding any traffic-control signal indication to proceed.

9.0707 Obedience to Signal Indicating Approach of Train

The provision of North Dakota Century Code section 39-10-41 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within fifty (50) feet but not less than fifteen (15) feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements apply when:
 - a. A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;
 - b. A crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;
 - c. A railroad train approaching within approximately one thousand three hundred twenty (1,320) feet of the highway crossing emits a signal audible from such distance and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard; or
 - d. An approaching railroad train is plainly visible and is in hazardous proximity to such crossing.
2. No person may drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed. No person may drive any vehicle past any human flagman at a railroad crossing until the flagman signals that the way is clear to proceed.

ARTICLE 8 – Operators

9.0801 Operators – Who Prohibited

The driving of motor vehicles, including automobiles, motor scooters, motor cycles, taxi cabs, trucks, or delivery trucks within the city limits of this City by any person who is not legally licensed to operate such vehicles under the laws of the State of North Dakota or by any person during the period his or her license is suspended, is prohibited.

9.0906 Drive on right Side of Roadway – Exceptions

The provisions of North Dakota Century Code section 39-10-08 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. Upon all roadways of sufficient width a vehicle must be driven upon the right half of the roadway, except as follows:
 - a. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
 - b. When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard; or
 - c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.
2. Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing must be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn in an intersection or into a private road or driveway.
3. Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle may be driven to the left of the center line of the roadway, except

when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subdivision b of subsection 1 hereof. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway.

9.0907 Passing Vehicles Proceeding in Opposite Direction

The provisions of North Dakota Century Code section 39-10-09 and all subsequent amendments are hereby incorporated by reference in this ordinance.

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible.

9.0908 Overtaking a Vehicle on the Left

The provisions of North Dakota Century Code section 39-10-11 and all subsequent amendments are hereby incorporated by reference in this ordinance.

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions, and special rules hereinafter stated:

1. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.
2. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

9.0909 When Overtaking on the Right is Permitted

The provisions of North Dakota Century Code section 39-10-12 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

The provisions of North Dakota Century Code section 39-10-13 and all subsequent amendments are hereby incorporated by reference in this ordinance.

No vehicle may be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle

must return to an authorized lane of travel as soon as practicable, and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching vehicle.

9.0911 Further Limitations on Driving on Left of Center of Roadway

The provisions of North Dakota Century Code section 39-10-14 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. No vehicle shall be driven to the left side of the roadway under the following conditions:
 - a. When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;
 - b. When approaching within one hundred (100) feet of or traversing any intersection or railroad grade crossing; or
 - c. When the view is obstructed upon approaching within one hundred (100) feet of any bridge, viaduct or tunnel.
2. The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in Section 9.0906 nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

9.0912 No-Passing Zones

The provisions of North Dakota Century Code section 39-10-15 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. The director of the North Dakota Department of Transportation and the City governing body are hereby authorized to determine those portions of any highway under their respective jurisdiction where overtaking and passing or driving on the left side of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.
2. Where signs or markings are in place to define a no-passing zone as set forth in subsection 1, no driver shall at any time drive on the left side of the roadway with such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.
3. This section does not apply under the conditions described in Section 9.0906 nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

9.0913 Driving on Roadways Laned for Traffic

The provisions of North Dakota Century Code section 39-10-17 and all subsequent amendments are hereby incorporated by reference in this ordinance.

Whenever any roadway has been divided into two or more clearly marked lanes for traffic, the following rules in addition to all others consistent herewith shall apply:

1. A vehicle must be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

2. Upon a roadway which is divided into three lanes and provides for two-way traffic, a vehicle may not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center line is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.
3. Official traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.
3. Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

9.0914 Following Too Closely

The provisions of North Dakota Century Code section 39-10-18 and all subsequent amendments are hereby incorporated by reference in this ordinance.

No person may stop, stand or park any vehicle in violation of the restrictions indicated by such devices.

9.1406 Stopping - Parking - Certain Purposes Prohibited

No person may park a vehicle upon any roadway for the principal purpose of:

9.1409 Parking Adjacent to Schools

1. The city traffic engineer or authorized person may erect signs indicating no parking upon either or both sides of any street adjacent to any school property when such parking would, in the traffic engineer's or other authorized person's opinion, interfere with traffic or create a hazardous situation.
3. When official signs are erected indicating no parking upon either side of a street adjacent to any school property as authorized herein, no person may park a vehicle in any such designated place.
- 4.

9.1410 Stopping - Parking - Over 48 Hours

9.1411 Parking Privileges for Mobility-Impaired - Certificate - Revocation

The provisions of North Dakota Century Code section 39-01-15 and all subsequent amendments are hereby incorporated by reference in this ordinance.

1. A mobility-impaired individual who displays prominently upon a motor vehicle parked by that individual or under that individual's direction and for that individual's use, the distinguishing certificate or license plates issued for mobility impaired individuals or a disabled veteran plate issued by the North Dakota Department of Transportation is entitled to courtesy in the parking of the motor vehicle. However, the city may prohibit, by ordinance, parking on any highway for the purpose of creating a fire lane or to provide for the accommodation of heavy traffic during morning and afternoon rush hours. The privileges extended to a mobility-impaired individual do not apply on a highway if parking is prohibited.
2. A mobility-impaired individual as used in this section includes an individual who uses portable oxygen; requires personal assistance or the use of crutches, a wheelchair, or a walker to walk two hundred feet [60.96 meters] without rest; is restricted by cardiac, pulmonary, or vascular disease from walking two hundred feet [60.96 meters] without rest; has a forced expiratory volume of less than one liter for one second or an arterial

oxygen tension of less than sixty millimeters of mercury on room air while at rest and is classified III or IV by standards for cardiac disease set by the American Heart Association; has an orthopedic, neurologic, or other medical condition that makes it impossible for the person to walk two hundred feet [60.96 meters] without assistance or rest; or is a disabled veteran issued a plate by the North Dakota Department of Transportation.

3. A certificate issued by the North Dakota Department of Transportation must be hung from the rearview mirror of the motor vehicle whenever the vehicle is occupying a space reserved for the mobility impaired and is being used by a mobility-impaired individual or another individual for the purposes of transporting the mobility-impaired individual. No part of the certificate may be obscured. A fee of five dollars may be imposed for a violation of this subsection.
4. If a law enforcement officer finds that the certificate is being improperly used, the officer may report to the director of the North Dakota Department of Transportation any violation and the director may, in the director's discretion, remove the privilege. An individual who is not mobility impaired and who exercises the privileges granted a mobility-impaired individual under subsection 1 is guilty of an infraction for which a fine of one hundred dollars must be imposed.
5. If a public or private entity designates parking spaces for use by a motor vehicle operated by a mobility-impaired individual, those reserved spaces must comply with the requirements of the Americans with Disabilities Accessibility Guidelines for Buildings and Facilities as contained in the appendix to title 28, Code of Federal Regulations, part 36 [28 CFR 36] and must be indicated by blue paint on the curb or edge of the paved portion of the street or parking lot adjacent to the space. In addition to blue paint, each reserved space must be indicated by an official sign approved by the director bearing the internationally accepted symbol of access for the mobility impaired. The sign must indicate that unauthorized use of the space is a nonmoving violation for which a fee of one hundred dollars must be imposed. For particular events, a public or a private entity may reserve additional parking spaces for use by motor vehicles operated by a mobility-impaired individual. In that case, each temporarily reserved space must be indicated by a sign or other suitable means. A sign indicating that a space is reserved for the mobility impaired and blue paint on the curb or edge of the paved portion of the street or parking lot adjacent to the space, unless the space is a temporary mobility-impaired parking space, is sufficient basis for the enforcement of this section. A law enforcement officer shall enforce this section in any parking lot or parking facility, whether publicly or privately owned.
6. If the designated mobility-impaired parking spaces are occupied or unavailable, a motor vehicle displaying the distinguishing certificate or license plates issued for mobility impaired individuals by the North Dakota Department of Transportation or a disabled veteran plate issued by the North Dakota Department of Transportation may park at an angle and occupy two standard parking spaces.
7. An individual may not stop, stand, or park any vehicle in any designated parking space that is reserved for the mobility impaired unless the vehicle displays a mobility-impaired identification certificate issued by the North Dakota Department of Transportation to a mobility-impaired individual. A mobility-impaired individual may not permit the use of a certificate issued under this section by an individual who is not mobility impaired when that use is not in connection with the transport of the mobility-impaired individual. The registered owner of a vehicle may not allow that vehicle to be used in a manner that violates this subsection. Proof of intent is not required to prove a registered owner's violation of this subsection. The registered owner, however, may be excused from a violation if the owner provides the citing authority with the name and address of the individual operating the vehicle at the time of the violation. A vehicle may temporarily use a space reserved for a mobility-impaired individual without a mobility-impaired certificate for the purpose of loading and unloading a mobility-impaired individual. A violation of this subsection is a nonmoving violation for which a fee of one hundred dollars must be imposed.
8. A motor vehicle licensed in another state which displays a special authorized vehicle designation issued by the licensing authority of that state for vehicles used in the transportation of a mobility-impaired individual must be accorded the same privilege provided in this section for similar vehicles licensed in this state if the laws of the other state provide the same privileges to North Dakota motor vehicles displaying the special identifying certificate authorized in this section.

9. An entity that violates the requirements of Subsection 5 is guilty of an infraction if the entity does not comply with Subsection 5 within sixty days after receiving official notification of the violation.

The chief of police may establish from time to time areas for loading and unloading, bus parking, guest parking, taxi parking, emergency parking, no parking or police and fire use on such public streets in such places and in such number as the chief shall determine or as the governing body may specifically designate to be of greatest benefit and convenience to the public. However, a child under the age of eight who is at least fifty-seven inches [1.45 meters] tall is not required to use a child restraint system, but must be correctly buckled in a safety belt. The child restraint system must meet the standards adopted by the United States Department of Transportation for those systems [49 CFR 571.213]. While the motor vehicle is in motion, the child must be properly secured in the child restraint system in accordance with the manufacturer's instructions. While the motor vehicle is moving, each child of eight through seventeen years of age who is in the motor vehicle must be in an approved child restraint system in accordance with the manufacturer's instructions or correctly buckled in a safety belt. Use of child restraint systems and safety belts is not required in motor vehicles that were not equipped with safety belts when manufactured. If a child is being transported in an emergency situation, this section does not apply.

The provisions of North Dakota Century Code sections 39-21-41.4 and 39-21-41.5 and all subsequent amendments are hereby incorporated by reference in this ordinance.

A driver may not operate upon a highway a motor vehicle designed for carrying fewer than eleven passengers, which was originally manufactured with safety belts unless each front seat occupant is wearing a properly adjusted and fastened safety belt. This section does not apply to a child in a child restraint or seatbelt; to drivers of implements of husbandry; to operators of farm vehicles; to rural mail carriers while on duty delivering mail; to an occupant with a medical or physically disabling condition that prevents appropriate restraint in a safety belt, if a qualified physician states in a signed writing the nature of the condition and the reason restraint is inappropriate; or when all front seat safety belts are in use by other occupants. A physician who, in good faith, provides a statement that restraint would be inappropriate is not subject to civil liability. A violation for not wearing a safety belt under this section is not, in itself, evidence of negligence. The fact of a violation of this ordinance is not admissible in any proceeding other than one charging the violation.

A peace officer may not issue a citation for a violation of this section unless the officer lawfully stopped or detained the driver of the motor vehicle for another violation.

The drawbar or other coupling device, and the safety chains, must be of a design, strength, and construction so as to prevent the unintentional uncoupling of the vehicles. The safety chain requirement of this section does not apply to:

1. A fifth-wheel coupling device; or
2. A vehicle towing an implement of husbandry or an implement of husbandry towing a vehicle, when operated at a speed not exceeding twenty-five miles [40.23 kilometers] per hour.

The height of the bumper must not exceed twenty-seven inches [68.58 centimeters] and this measurement is made from a level ground surface to the highest point on the bottom of the bumper. A horizontal drop bumper may be used to comply with this subsection and must be at least three inches [7.62 centimeters] in vertical width; extend the entire horizontal body width; and be horizontal, load bearing, and attached to the vehicle frame to effectively transfer impact when engaged.
 3. Vehicles owned by law enforcement agencies, the military, firefighting agencies, and ambulances may be modified without regard to this section.

Subdivision e does not apply to an individual unless the individual has been advised of the consequences of refusing a chemical test consistent with the Constitution of the United States and the Constitution of North Dakota. The fact any person charged with violating this section is or has been legally entitled to use alcohol or other drugs or substances is not a defense against any charge for violating this section. It is an affirmative defense that a drug was used only as directed or cautioned by a practitioner who legally prescribed or dispensed the drug to that person. If the individual violated subdivisions a, b, c, or d of this subsection and subdivision e of this subsection and the violations arose from the same incident, for purposes of suspension or revocation of an operator's license, the violations are deemed a single violation and the court shall forward to the department of transportation only the conviction for driving under the influence or actual physical control.

2. An individual who operates a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state who refuses to submit to a chemical test, or tests, required under section 39-06.2-10.2 or 39-20-01, is guilty of an offense under this section.

An individual violating this section or equivalent ordinance is guilty of a class B misdemeanor for the first or second offense in a seven-year period, of a class A misdemeanor for a third offense in a seven-year period, and of a class C felony for any fourth or subsequent offense within a fifteen-year period. The minimum penalty for violating this section is as provided in subsection 5. The court shall take judicial notice of the fact that an offense would be a subsequent offense if indicated by the records of the director or may make a subsequent offense finding based on other evidence.

4. Upon conviction of a second or subsequent offense within seven years under this section or equivalent ordinance, the court may order the motor vehicle number plates of all of the motor vehicles owned and operated by the offender at the time of the offense to be destroyed by the office of the police officer that made the arrest. The Page No. 1 offender shall deliver the number plates to the court without delay at a time certain as ordered by the court following the conviction. The court shall deliver the number plates to the office and notify the department of the order. An offender who does not provide the number plates to the court at the appropriate time is subject to revocation of probation. The court may make an exception to this subsection, on an individual basis, to avoid undue hardship to an individual who is completely dependent on the motor vehicle for the necessities of life, including a family member of the convicted individual and a co-owner of the motor vehicle, or if the offender is participating in the twenty-four seven sobriety program.

5. A person convicted of violating this section, or an equivalent ordinance, must be sentenced in accordance with this subsection.

a. (1) For a first offense, the sentence must include both a fine of at least five hundred dollars and an order for addiction evaluation by an appropriate licensed addiction treatment program. (2) In addition, for a first offense when the convicted person has an alcohol concentration of at least sixteen one-hundredths of one percent by weight, the offense is an aggravated first offense and the sentence must include a fine of at least seven hundred fifty dollars and at least two days' imprisonment.

b. For a second offense within seven years, the sentence must include at least ten days' imprisonment, of which forty-eight hours must be served consecutively; a fine of one thousand five hundred dollars; an order for addiction evaluation by an appropriate licensed addiction treatment program; and at least three hundred sixty days' participation in the twenty-four seven sobriety program under chapter 54-12 as a mandatory condition of probation.

addiction treatment program; at least three hundred sixty days' supervised probation; and at least three hundred sixty days' participation in the twenty-four seven sobriety program under chapter 54-12 as a mandatory condition of probation.

For a fourth or subsequent offense within fifteen years, the sentence must include at least one year and one day's imprisonment; a fine of at least two thousand dollars; an order for addiction evaluation by an appropriate licensed treatment program; at least two years' supervised probation; and participation in the twentyfour seven sobriety program under chapter 54-12 as a mandatory condition of probation.

e. The imposition of sentence under this section may not be deferred under subsection 4 of section 12.1-32-02 for an offense subject to this section.

f. If the offense is subject to subdivision a or b, a municipal court or district court may not suspend a sentence, but may convert each day of a term of imprisonment to ten hours of community service for an offense subject to paragraph 2 of subdivision a. If the offense is subject to subdivision c, the district court may suspend a sentence, except for sixty days' imprisonment, under subsection 3 of section 12.1-32-02 on the condition that the defendant first undergo and complete an evaluation for alcohol and substance abuse treatment and rehabilitation. If the offense is subject to subdivision d, the district court may suspend a sentence, except for one year's imprisonment, under subsection 3 of section 12.1-32-02 on the condition that the defendant first undergo and complete an evaluation for alcohol and substance abuse treatment and rehabilitation.

If the defendant is found to be in need of alcohol and substance abuse treatment and rehabilitation, the district court may order the defendant placed under the supervision and management of the department of corrections and rehabilitation and is subject to the conditions of probation under section 12.1-32-07. The district court may require the defendant to complete alcohol and substance abuse treatment and rehabilitation under the direction of the drug court program as a Page No. 2 condition of probation in accordance with rules adopted by the supreme court. The district court may terminate probation under this section when the defendant completes the drug treatment program. If the district court finds that a defendant has failed to undergo an evaluation or complete treatment or has violated any condition of probation, the district court shall revoke the defendant's probation and shall sentence the defendant in accordance with this subsection.

g. For purposes of this section, conviction of an offense under a law or ordinance of another state which is equivalent to this section must be considered a prior offense if such offense was committed within the time limitations specified in this section.

h. If the penalty mandated by this section includes imprisonment or placement upon conviction of a violation of this section or equivalent ordinance, and if an addiction evaluation has indicated that the defendant needs treatment, the court may order the defendant to undergo treatment at an appropriate licensed addiction treatment program under subdivision g of subsection 1 of section 12.1-32-02 and the time spent by the defendant in the treatment must be credited as a portion of a sentence of imprisonment or placement under this section. A court may not order the department of corrections and rehabilitation to be responsible for the costs of treatment in a private treatment facility.

i. If the court sentences an individual to the legal and physical custody of the department of corrections and rehabilitation, the department may place the individual in an alcohol treatment program designated by the department. Upon the individual's successful completion of the alcohol treatment program, the department shall release the individual from imprisonment to begin the court-ordered period of probation. If there is not any court-ordered period of probation, the court may order the individual to serve the remainder of the sentence of imprisonment on supervised probation and the terms and conditions must include participation in the twenty-four seven sobriety program and any terms and conditions of probation previously imposed by the court. Probation under this subsection may include placement in another facility or treatment program. If an individual is placed in another facility or treatment program after release from imprisonment, the remainder of the individual's sentence of imprisonment must be considered time spent in custody. Individuals incarcerated under this section subsequent to a second probation revocation are not eligible for release from imprisonment upon the successful completion of treatment.

j. If the individual has participated in the twenty-four seven sobriety program as a condition of pretrial release or for the purpose of receiving a temporary restricted operator's license under section 39-06.1-11, the

sentencing court may give credit for the time the individual has already served on the twenty-four seven sobriety program when determining the amount of time the individual must serve on the twenty-four seven sobriety program for the purposes of probation, if that individual has not violated the twenty-four seven sobriety program before sentencing.

6. As used in subdivisions b and c of subsection 5, the term "imprisonment" includes house arrest. As a condition of house arrest, a defendant may not consume alcoholic beverages. The house arrest must include a program of electronic home detention and the defendant shall participate in the twenty-four seven sobriety program. The defendant shall defray all costs associated with the electronic home detention. For an offense under subdivision b or c of subsection 5, no more than ninety percent of the sentence may be house arrest.

7. As used in this title, participation in the twenty-four seven sobriety program under chapter 54-12 means compliance with sections 54-12-27 through 54-12-31, and requires sobriety breath testing twice per day seven days per week or electronic alcohol monitoring, urine testing, or drug patch testing. The offender is responsible for all twenty-four seven sobriety program fees and the court may not waive the fees. For purposes of this section, the twenty-four seven sobriety program is a condition of Page No. 3 probation and a court may not order participation in the program as part of the sentence. If an individual ordered to participate in the twenty-four seven program is not a resident of this state, that individual shall enroll in a twenty-four seven program or an alcohol compliance program if available in that individual's state of residence and shall file proof of such enrollment. 39-08-01.1. The elements of an offense under this section are the elements of an offense for a violation of section 39-08-01 and the additional elements that create an offense in each subsection of this section.  - b. If the individual has posted bond, the individual may forfeit bond by not appearing at the designated time.
2. If the individual is cited for a traffic violation under state law and posts bond by mail, the bond must be submitted within fourteen days of the date of the citation and the individual cited shall indicate on the envelope or citation whether a hearing is requested. If the individual does not request a hearing within fourteen days of the date of the citation, the bond is deemed forfeited and the violation admitted. If the individual requests a hearing, the court for the county in which the citation is issued shall issue a summons to the individual requesting the hearing notifying the individual of the date of the hearing before the designated official in accordance with Section 9.2205.
3. Upon appearing at the hearing scheduled in the citation or otherwise scheduled at the individual's request, the individual may make a statement in explanation of the individual's action. The official may at that time waive, reduce, or suspend the statutory fee or bond, or both. If the individual cited follows the foregoing procedures, the individual is deemed to have admitted the violation and to have waived the right to a hearing on the issue of commission of the violation.
4. The bond required to secure appearance must be identical to the statutory fee established by Section 9.2208.
5. Within ten days after forfeiture of bond or payment of the statutory fee, the official having jurisdiction over the violation shall certify to the director:

The hearing must be held at the time scheduled in the citation, or at the time scheduled in response to the individual's request or at some future time, not to exceed ninety (90) days later, set at that first appearance.
2. At the time of a request for a hearing on the issue of commission of the violation, the person charged shall deposit with the official having jurisdiction an appearance bond equal to the statutory fee for the violation charged.
3. If an individual cited for a traffic violation, other than an offense listed in Section 9.2207, has requested a hearing on the issue of the commission of the violation charged and appears at the time

scheduled for the hearing, and the state or City, as the case may be, does not appear or is not ready to prove the commission of a charged violation at the hearing, the official shall dismiss the charge.

4. If the official finds that the person had committed the traffic violation, the official shall notify the licensing authority of that fact, and whether the person was driving more than nine (9) miles per hour in excess of the lawful limit, stating specifically the miles (kilometers) per hour in excess of the lawful limit, if charged with a speeding violation, within ten (10) days of the date of the hearing. The fact that a person has admitted a violation, or has, in any proceeding, been found to have committed a violation, may not be referred to in any way, nor be admissible as evidence in any court, civil, equity or criminal, except in an action or proceeding involving that person's driving license or privilege.
5.
 - a. If an individual is aggrieved by a finding that the individual committed the violation, the individual may, without payment of a filing fee, appeal that finding to the district court for trial anew. If, after trial in the appellate court, the person is again found to have committed the violation, there is to be no further appeal. Notice of appeal under this subsection must be given within thirty (30) days after a finding of commission of a violation is entered by the official. Oral notice of appeal may be given to the official at the time that the official adjudges that a violation has been committed. Otherwise, notice of appeal shall be in writing and filed with the official, and a copy of the notice must be served upon the prosecuting attorney. An appeal taken under this subsection may not operate to stay the reporting requirement of subsection 4, nor to stay appropriate action by the licensing authority upon receipt of that report.
 - b. The appellate court upon application by the appellant may:
 - i. Order a stay of any action by the licensing authority during pendency of the appeal, but not to exceed a period of one hundred twenty (120) days;
 - ii. Order a stay and that the appellant be issued a temporary restricted driving certificate by the licensing authority to be effective for no more than one hundred twenty (120) days; or
 - iii. Deny the application.

An application for a stay or temporary certificate under this subdivision must be accompanied by a certified copy of the appellant's driving record, for the furnishing of which the licensing authority may charge a fee of three dollars (\$3.00). Any order granting a stay or a temporary certificate must be forwarded forthwith by the Clerk of Court to the licensing authority, which shall issue a temporary certificate in accordance with the order in the manner provided by law. A court may not make a determination on an application under this subdivision without notice to the appropriate prosecuting attorney. An individual who violates or exceeds the restrictions contained in any temporary restricted driving certificate issued pursuant to this subdivision is guilty of a traffic violation and must be assessed a fee of twenty dollars (\$20.00).
 - c. If the person charged is found not to have committed the violation by the appellate court, the clerk of court shall report that fact to the licensing authority immediately. If an appeal under this subsection is from a violation of a City ordinance, the city attorney shall prosecute the appeal. In all other cases, the appropriate state's attorney shall prosecute the appeal.
6. The state or the City, as the case may be, must prove the commission of a charged violation at the hearing or appeal under this section by a fair preponderance of the evidence. Upon an appeal under subsection 5, the court and parties shall follow, to the extent applicable, the North Dakota rules of Civil Procedure. If on the appeal from the finding of the official the finding is affirmed, costs may be assessed at the discretion of the trial judge.

The provisions of North Dakota Century Code section 39-06.1-04 and all subsequent amendments are hereby incorporated by reference in this ordinance.

If an individual fails to choose one of the methods of proceeding set forth in Sections 9.2204 or 9.2205, the person must be deemed to have admitted to commission of the violation, and the official having jurisdiction shall report such fact to the director of the North Dakota Department of Transportation within ten (10) days after the date set for the hearing. Failure to appear at the time designated, after signing a promise to appear, if signing is required by law, or failure to appear, without paying the statutory fee or posting and forfeiting bond is a class B misdemeanor. Failure to appear without just cause at the hearing must also be deemed an admission of commission of the charged violation.
